

United We Age is a 501(C)(3) non-profit organization established to serve the senior citizen population. It is a volunteer-driven organization based in Florida.

Our goals and objectives are to:

- Assure that every person experiencing quality of life decline due to aging has a social support network, especially people living alone.
- Assure that age is not a barrier to seniors participating in the online (internet) world.
- Raise awareness and image building for senior citizens.

Friends for Seniors

There is an alone crisis among the senior citizen population in America today. Quality of life and even life expectancy suffers tremendously for older people lacking adequate social support. Access to a social support network improves quality of life and life expectancy.

Our *Friends for Seniors* program offers seniors social support. The program is a giving experience to make an older person's life more special. The program is designed to befriend an older person who lacks meaningful social support (e.g., family/friends) and sprinkle kindness throughout the year.

The program allows us to bring a personal touch to seniors by directly providing them with some outside friendly contact as well as birthday and holiday cards, gifts (e.g., clothing, toiletries, snacks) and other essentials to let them know they are not forgotten and alone.

- Our purpose is to spread cheer and kindness to seniors throughout the year
- We offer a giving experience to make a senior's life more special
- We target nursing/long-term care facilities
- We offer seniors birthday/holiday cards, and gifts from a wish list.

The *Friends for Seniors* program depends on the giving of others. A \$25 donation sponsors a senior in need for an entire year.
