

Mission

Our mission is to inspire a movement where all generations of people are more aware and supportive of senior citizens with needs.

To this end, United We Age will work towards:

- ◆ Assuring social support for people facing quality of life decline due to aging, especially people living alone.
- ◆ Assuring that age is not a barrier to seniors participating in the online (internet) world.
- ◆ Raising awareness and image building for senior citizens.

United We Age

United We Age is a 501(c)(3) nonprofit organization based in Vero Beach, Florida, established to serve the senior citizen population residing in the United States.

We are a volunteer-driven organization offering social support for seniors facing challenges due to aging, and to assist them with communications technology to improve their quality of life. To this end, United We Age offers two programs:

- ◆ **Stay In Touch Program**
- ◆ **Friends for Seniors Program**

Many of us are fortunate to be living our senior years blessed with health, family, friends, and financial security. But there are millions of seniors who have little social support and are financially challenged. Our programs target these seniors in need.

Did you know there are approximately 3 million seniors living in long-term care/nursing facilities and almost half of them do not have any family/friends visit them throughout the year?

United We Age is a 501(c)(3) nonprofit organization under the regulation of the Internal Revenue Service. All contributions to United We Age are tax-deductible to the extent provided by law.

A copy of the official registration and financial information may be obtained from the State of Florida.

Our Story

“Having someone visit me, makes me feel like I exist again.”

89 year old Miss Mary

Stay in Touch®

Our *Stay in Touch*® program offers voice-activated technology devices and initial set up/installation and ongoing guidance from volunteers, featuring Amazon's Echo Show™, to the senior population residing in the United States. The program offers older adults a window into how technology can enrich their lives, providing them the opportunity to communicate from their place of residency and/or care facility.

- ◆ The program's outreach includes seniors residing in senior care facilities as well as stay at home seniors.
- ◆ Seniors can place video and audio calls to family and friends.
- ◆ Seniors can open their world to the internet, playing music, displaying family photos, listening, and reading real time news, and so on.

Friends for Seniors

Our *Friends for Seniors* program offers seniors in need, social support. The program is designed to befriend an older person who lacks meaningful social support (e.g., family/friends) and sprinkle kindness throughout the year.

The program brings a personal touch to seniors by providing them with some outside friendly contact as well as birthday and holiday cards, gifts (e.g., clothing and toiletries) and other essentials to let them know they are not forgotten and alone.

VOLUNTEERS

United We Age is a volunteer-driven organization. Volunteers:

- ❖ Offer seniors companionship and compassion.
- ❖ Help acquire and gift wrap wish list items and birthday/holiday cards.
- ❖ Provide installation of communications technology and ongoing guidance.
- ❖ Communicate with the case workers and other professional volunteers about an older person's situation.

Support Us

You can help by participating in our *Stay in Touch*® and *Friends for Seniors* programs. Your support with these programs will exponentially improve quality of life for seniors in their twilight years.

We are targeting senior citizens throughout Florida who are in desperate need of our support. The longer these seniors live without social support and communications technology, the more likely they are to spend the remaining years of their lives lonely and forgotten.

Companies are welcome to donate money, in-kind contributions, and participate in our corporate matching program.
